**ADDITIONS**

\* A&E Low Vision Products  
974 Blair Avenue  
Sunnyvale, CA 94087  
Phone: (408) 738-1716  
Fax: (408) 738-1718

A&E Low Vision Products is the exclusive distributor of the Enhanced Vision CCTV product line for northern California. A&E provides on site (work or school) or home product evaluations and training by staff located throughout northern CA. Our products are designed specifically for people with low vision. All products include full color and auto-focus, are portable or stationary, and enable people to see distances near, far, or in between. Jordy is an innovative, head worn device that looks like a pair of goggles, magnifies objects up to 30X (distance) helping to see at a distance, up close, and any range in-between. The Merlin is the most affordable feature rich full color, auto-focus, color select CCTV available with 14" or 20" monitor. Flipper is a 225 degree rotational camera which enables near, far, or in-between viewing that connects to a flat panel, glasses, or TV monitor. Max is a hand-held camera that connects to a flat panel, glasses, or TV monitor.
